Memo

To:
Frontenac City Council

From:
John Zafuta,
City Administrator

Re:
City Council Regular
Meeting August 17, 2020

This memo is intended to prepare the Council for specific agenda items with staff comments and recommendations for the upcoming council meeting on August 17, 2020.

1. Frontenac Senior Center

Carol Gossett will be at the meeting on behalf of the Frontenac Senior Center. Last meeting, the Council approved allowing the American Legion to conduct Bingo on the premises, following the CDC and State guideline. The matter of parties and senior card games was tabled until this meeting.

2. CDBG-CV

To continue with our CDBG-CV program, we need to complete a contract with the state acknowledging our award and accepting their guidelines. I will talk more about the program at the meeting and provide some of the guidelines and suggestions we have.

I recommend that the Council approve the Mayor to sign the contract with the State of Kansas and any relevant documents associated with the contract.

3. Festa Italiana 2020 Sponsorship

Representatives of Festa Italiana will be attending the September 8th meeting next month. They have sent out their sponsorship letters and have asked for our usual donation of \$5,000. It is a budgeted item and it's up for discussion and consideration by the Council.

4. Public Hearing for 2021 Budget

The city is holding a hearing for public input regarding the 2021 proposed Budget. Following the hearing, the Council will need to vote to approve the 2021 Budget. No changes were made after the last meeting, prior to publication.

I recommend that the Council pass the 2021 Budget as published.

5. Regional Sewer Update

We delayed the Sewer discussion last meeting to allow members who were absent to be present as we discuss our plan going forward. I will provide the Council with some updated estimates from the City of Pittsburg as well as our engineers.
